  - Outcome of the RIPE 74 BoF (~50 attendees)
- Have a constructive discussion on moving forward
  - Do we need a RIPE Working Group?
  - What should such a group do?

- **Note: This session is recorded**

My Role In This

RIPE 75

- Tasked with coordinating RIPE NCC's strategy and engagement in relation to the IoT
  - Coordinated the previous IoT BoF sessions
  - Coordinated and chaired the IoT Roundtable
  - Volunteered to coordinate and chair this session
- RIPE NCC prefers staff not to chair a Working Group
  - If this moves forward, we need volunteer(s) to replace me
  - Coordinate and chair future meetings of this group
    - Of course, as the secretariat, RIPE NCC will assist
